Optima™ Balanced Construction

- Matching hardwood wear layer and back layer perfectly balance the product, keeping the surface flat and eliminate cupping
- 100% pure hardwood construction- no plywood containing excessive glues
- More stable than plywood cores in all climates
- Solid hardwood core slats offer unsurpassed stability to control expansion and contraction

Natural, Fumed & Carbonized

Color Depth Technology

Color Depth Technology

- Dark colors permeate through the wear layer.
- Out perform products that use dark stains which are only on the surface.

Artistry XL Planks

Artistry Hardwood offers the longest average length plank in the industry. In each carton of Artistry Hardwood flooring, at least 50% of the square footage will be represented as full-length planks (see diagram below). Most other products in the industry will use the language "up to" but never specify how many of the long planks are provided in each carton. Longer planks provide greater visual continuity to your space and show the true unique beauty of mother nature.
