

Fabricated Square Edge Stair Nose and Treads

Stairs deserve the same attention to detail and design as your wood flooring. Poor tread construction and color match can cheapen the look of your high end floors. Our fabricated nosing and treads are made with the exact same material as your floor and guarantees the best match possible. The square edge detail on our treads is consistent with current design trends.

NOTE: There may be a seam present on the Fabricated Stair Nose.

& BLACK FILL FROM PLANK TO PLANK AND SAMPLE TO SAMPLE.

Artistry XL Planks

Artistry Hardwood offers the longest average length plank in the industry. In each carton of Artistry Hardwood flooring, at least 50% of the square footage will be represented as full-length planks. Most products in the industry will use the language "up to" but never specify how many long planks are provided in each carton. Longer planks provide greater visual continuity to your space and show the true unique beauty of mother nature.

This product is designed and hand finished in Los Angeles, CA. These handcrafted colors require up to 6 individual steps to achieve the beautiful multiple layered finish.

Platform Options

PATTERNS AVAILABLE
This color is available in these coordinating patterns

CHEVRON PATTERN
5/8" x 5" x 25"

HERRINGBONE PATTERN
5/8" x 5" x 20"
5/8" x 7" x 28"

SawnPly+™ Solid-Balanced Construction

- 100% pure hardwood construction- no plywood containing excessive glues
- More stable than plywood cores in all climates
- Solid hardwood core slats offer unsurpassed stability to control expansion and contraction
- Matching hardwood wear layer and back layer perfectly balance the product, keeping the surface flat and eliminate cupping

DuraArt+™ Performance Multilayer UV Cured Matte Urethane

- Multilayer UV for added performances
- Natural look and feel with high definition clarity
- Zero VOC - FloorScore Certified
- Does NOT require topcoat after installation
- Greater stain resistance vs. hardwax and penetrating oils
- Higher performance durability than penetrating or hard wax oils
- Superior repair-ability vs urethane floors

PROTECTING WHAT YOU LOVE

WHAT IS MICROBAN?

- Microban® is the global leader in antimicrobial and odor protection.
- Microban® technology inhibits the growth of bacteria, mold and mildew on household products, keeping your home cleaner and reducing odors.

HOW IT WORKS

- Microban® odor-control and antimicrobial agents are integrated into the surface of Artistry Flooring during the manufacturing process.
- This patented technology never washes off or wears away and stays active for the life of the product.
- Microban® antimicrobial agents prevent stain-and-odor-causing microbes from growing or reproducing. On an unprotected flooring surface, bacteria can double in numbers every 20 minutes.
- By inhibiting the growth of bacteria, mold and mildew, Microban® technology keeps your floor cleaner between cleanings.
- Microban® technology helps reduce odors caused by pet urine.
