- Long Plank Average

Artistry XL Planks

Artistry Hardwood offers the longest average length plank in the industry. In each carton of Artistry Hardwood flooring, at least 50% of the square footage will be represented as full-length planks. Most other products in the industry will use the language "up to" but never specify how many of the long planks are provided in each carton. Longer planks provide greater visual continuity to your space and show the true unique beauty of mother nature.
