

Fabricated Square Edge Stair Nose and Treads

Stairs deserve the same attention to detail and design as your wood flooring. Poor tread construction and color match can cheapen the look of your high end floors. Our fabricated nosing and treads are made with the exact same material as your floor and guarantees the best match possible. The square edge detail on our treads is consistent with current design trends.

ARTISTRY[®]
HARDWOOD FLOORING
AUTHENTIC FRENCH WHITE OAK FLOORING

UNFINISHED FRENCH WHITE OAK

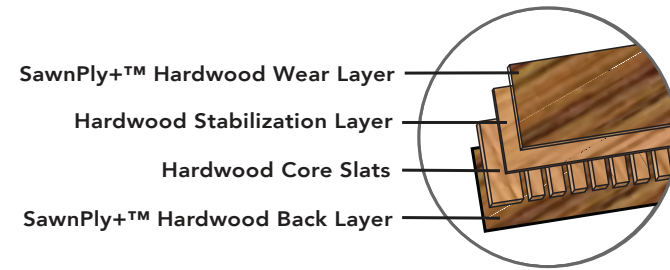

Color Depth Technology

- Color permeates through Sawnply wear layer stopping surface scratches from exposing light wood underneath the finish.
- Offers increased hardness and stability.

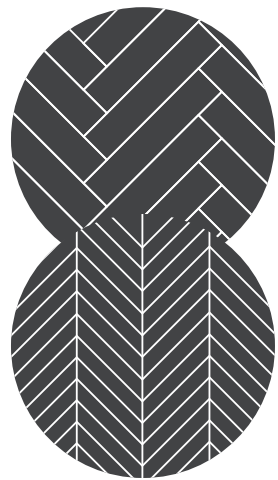

SawnPly+™ Solid Engineered Balanced Construction

- 100% pure hardwood construction- no plywood containing excessive glues
- More stable than plywood cores in all climates
- Solid hardwood core slats offer unsurpassed stability to control expansion and contraction
- Matching hardwood wear layer and back layer perfectly balance the product, keeping the surface flat and eliminate cupping

Available in Chevron & Herringbone Patterns

Herringbone Pattern
5/8" x 5" x 20"
5/8" x 7" x 28"

Chevron Pattern
5/8" x 5" x 25"

SawnPly+™ Technology by Artistry

- Wear Layer Appearance** SawnPly+™ delivers lively grain and texture that is identical to the timeless beauty of solid hardwood flooring
- Construction** SawnPly+™ construction maintains superior integrity of the cut surface when bonding each sawn layer together
- Stability Performance** SawnPly+™ creates the most dimensionally stable hardwood flooring in a wider range of climates

Pre-Treated Reactive Stain Options

Every professional wood floor contractor knows that reactive stains make the most beautiful colors. The problem though, they are very unpredictable and when applied to a site installed floor you will certainly have some very unsightly planks you will need to remove and replace. With Artistry Pre-Treated reactive stained floors, we have removed the possibility of having this occur, you'll get to see what each plank looks like before you install it. In addition, you don't have to worry about any drip or puddle marks that often occur on floors when reactive stains are used on site. Once installed you can apply your favorite top coat to make it your own.

Fabricated Square Edge Stair Nosing & Treads

Made with the exact same material as the floor offer a perfect match.
